PROFESSIONAL STAGE MAKE UP

Rather than regular stage make-up, for dress rehearsal and performances we recommend professional stage make up.

The picture shows a kit (BN Ben Nye)that contains all you will need, except maskara and black eyeliner.

You can purchase all items in separate, if you prefer.

Step 2: Wash Your Face

Put you hair up and start out with a clean face by exfoliating or simply rinsing it.

Rub some chap stick on your lips to soften them.

Step 3: Clean the Sponge

Squeeze and soak up water into your foundation sponge then wring it out.

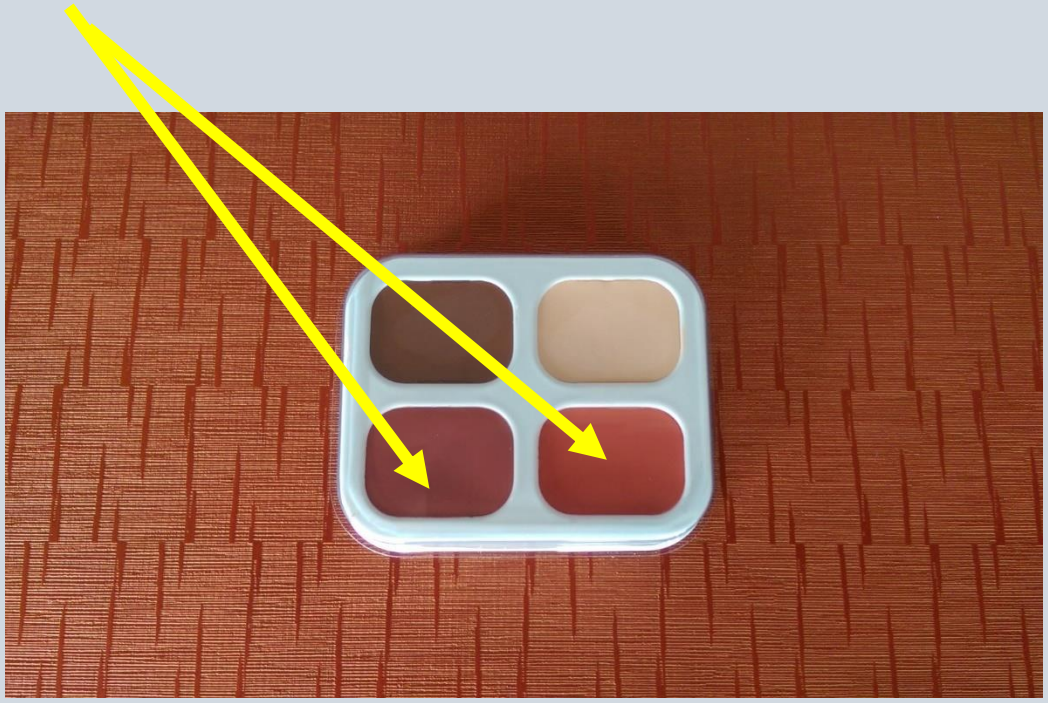
Step 4: Apply Foundation

Apply your foundation, making sure to blend down your neck, too.

Do the same with powder.

Step 5: Blush

USE PINK OR LIGHT RED BLUSH



SWIPE IT UP AND DOWN YOUR CHEEKS ALL THE WAY TO YOUR TEMPLES.

USE A BRUSH OR A SPONGE.

Step 6: Fill in your Eyebrows

USE A COLOR A LITTLE DARKER THAN YOUR EYEBROWS ON YOUR EYESHADOW PALLET.

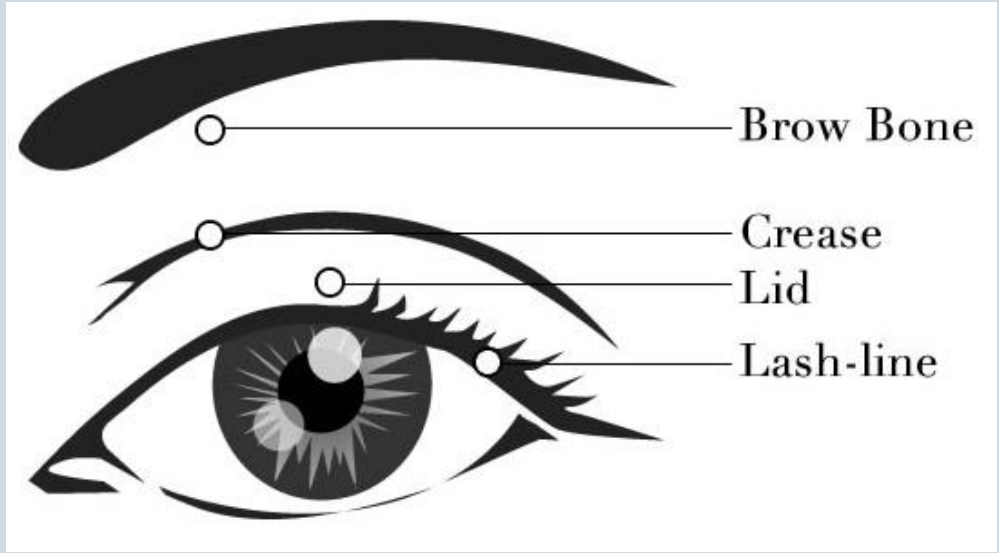
FILL THEM IN WITH AN ANGLED BRUSH.

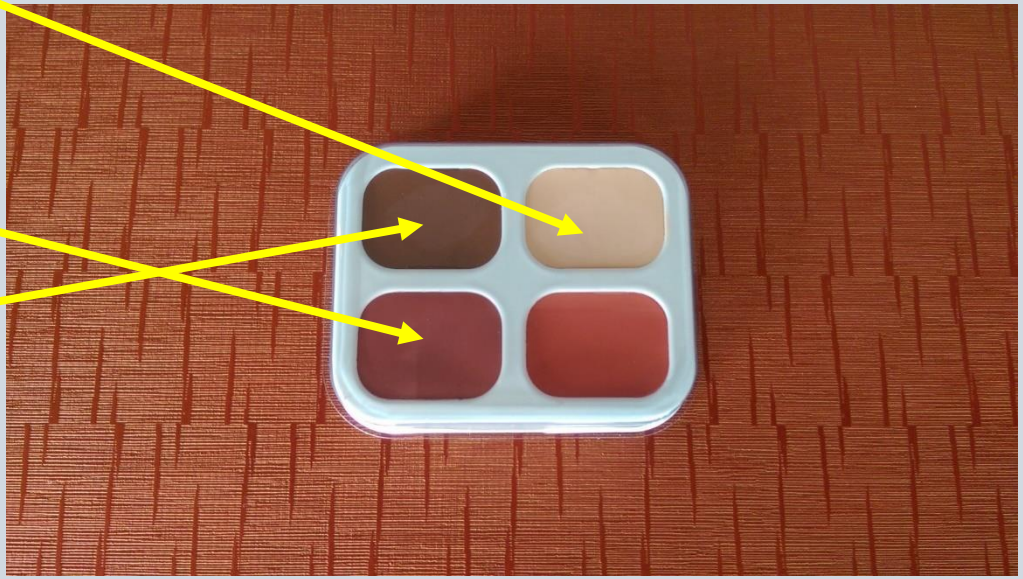
Step 7: Eyeshadow

Start out by spreading the lightest color across your eyelids.

Take a light brown and put that in the outside corners of your eyes.

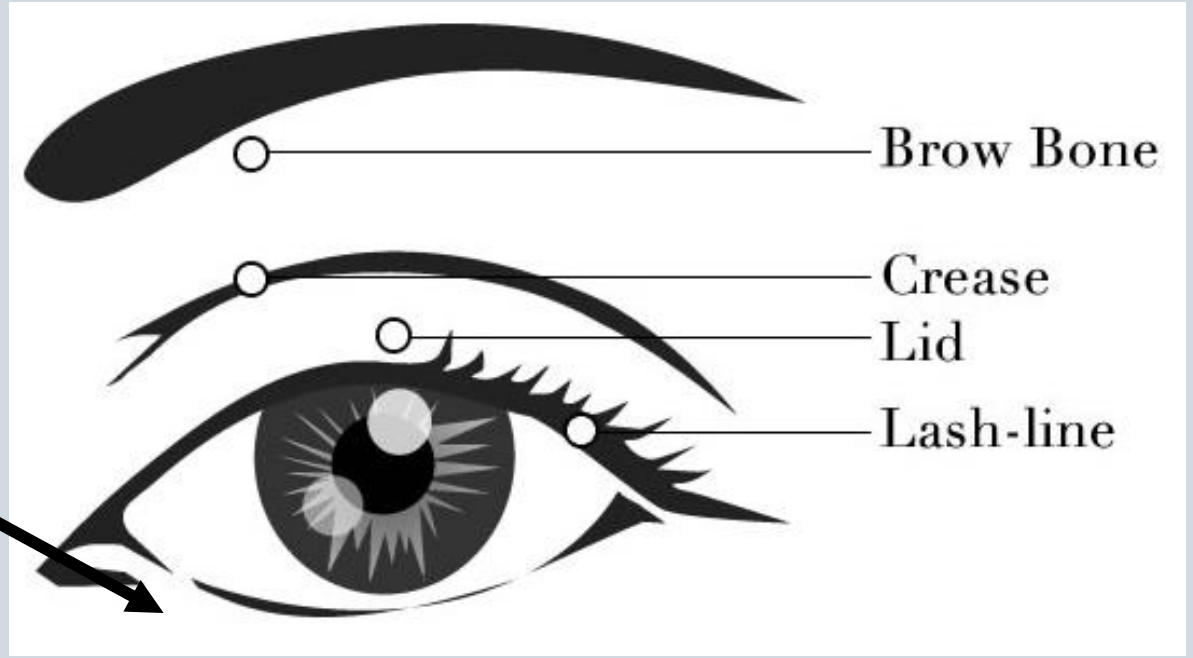
Now find your darkest color and swipe it in your crease and lightly under your brow bone.





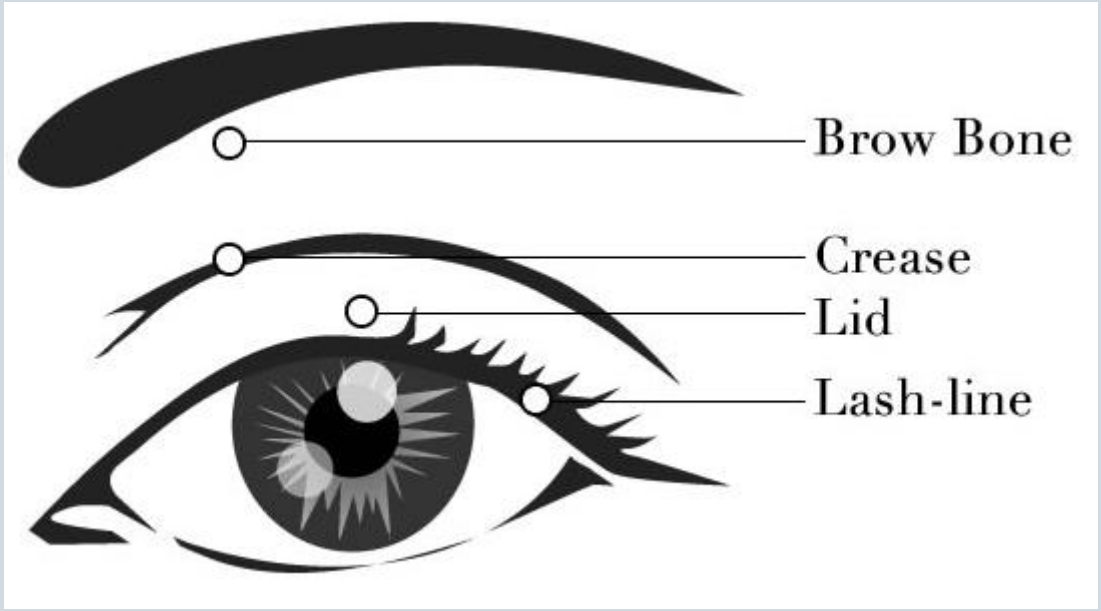
Step 8: More Eyeshadow

Go back to your lightest color and put that on the inside **corners of your eyes** and right **under** your water line.



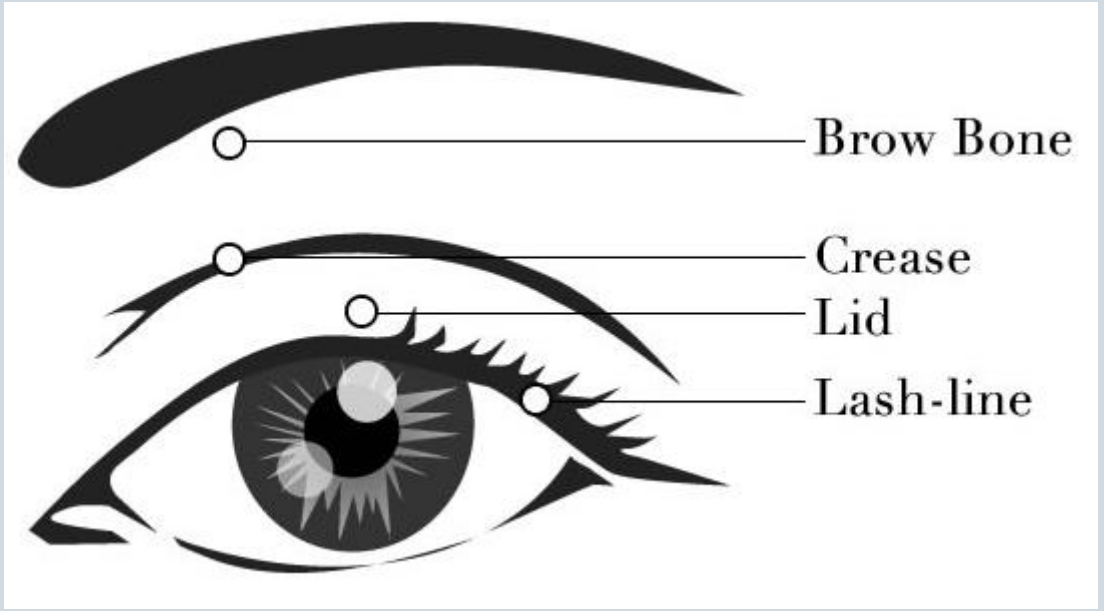
Step 9 - Children: Apply Eyeliner

Apply eyeliner (liquid recommended) on your lash line



Step 9 – Teenagers and Adults: Apply Eyeliner

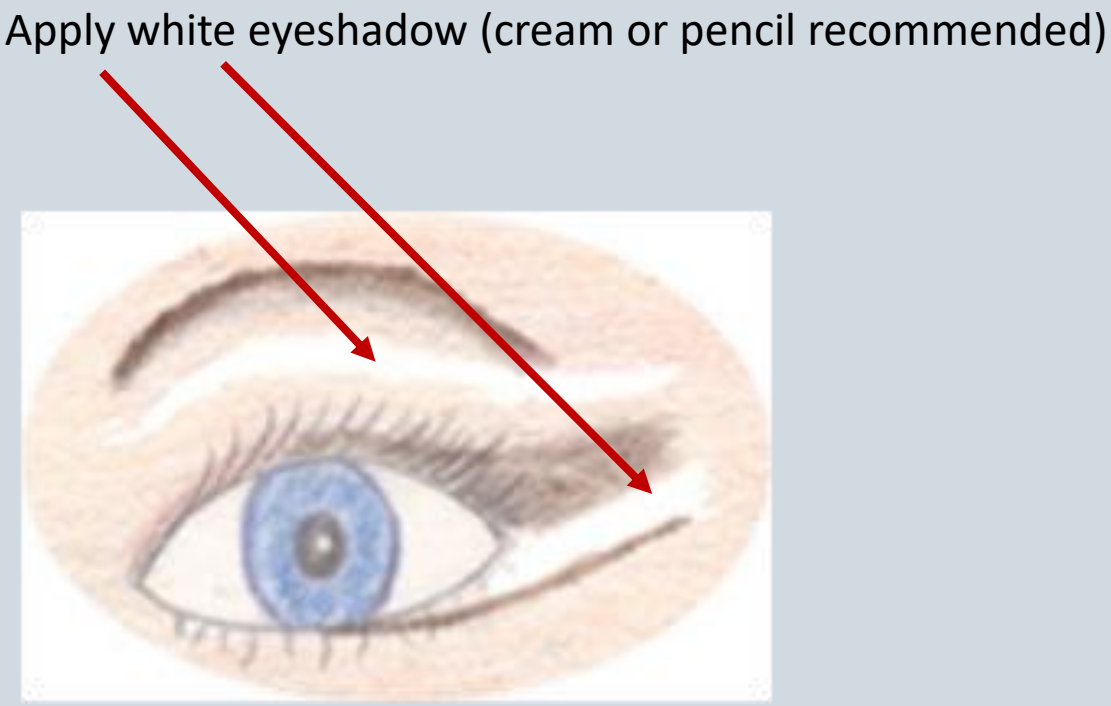
Apply eyeliner (liquid recommended) on your lash line



Step 9 - Teenagers and Adults: Apply Eyeliner

Lining the eyes with black eyeliner makes them really stand out. Use a liquid eyeliner on the top lid and a pencil liner on the bottom. To line the upper lid, apply a thin, straight line starting from the inner corner. For a dramatic effect, allow the line to extend beyond the natural eyelid.

To line the lower lid, start at the outer corner of the eye and draw a thin line under the lower lashes. The liner should start where the lashes begin and stop where they end on both eyelids.



Step 10: Apply Mascara

Step 11: Apply Lipstick

Apply lipstick how you normally would.

If using the Nye Kit you can use one of these for lip stick. Apply with the brush.
