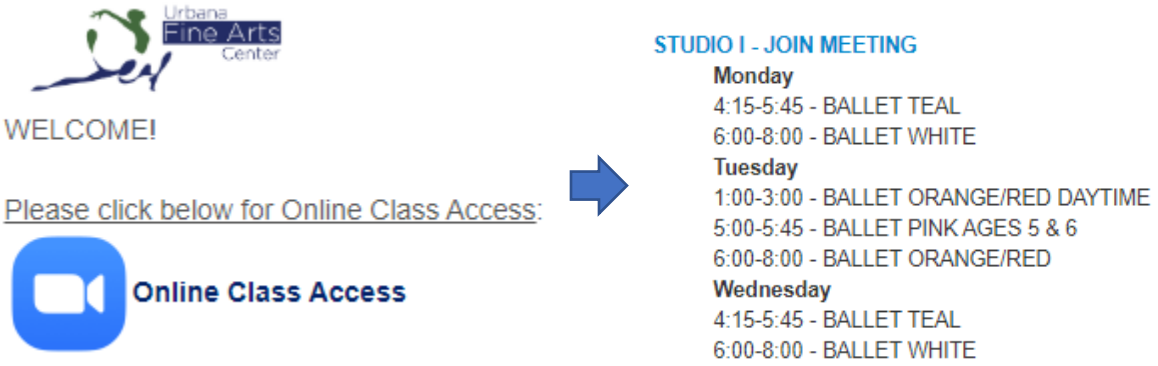
Urbana Fine Arts Center Online Class Access Instructions

Thank you for joining us during this unprecedented time! Even while we are not all able to meet in person, our students will be able to continue learning and growing as dancers and friends.

We will be using Zoom video conferencing services to host meetings for our regularly scheduled classes, private lessons, and rehearsals. The access point for our online classes is our familiar parent/student portal: **https://dancestudio-pro.com/online/urbanafineartscenter**

After logging in you will find the link for Online Class Access below the welcome message on the Home tab. That link will lead you to our online class listing.



Each of the studio names (Studio I, Studio II) is a meeting link that will open the Zoom meeting for that studio. The link will open the Zoom application on your device or prompt you with instructions for joining the meeting from your browser. If you do not have Zoom on your device, it is free for participants to download and use. A helpful Zoom tutorial can be found here: Join a Meeting

To maintain continuity of services we are using direct links to the meetings rather than posting Meeting IDs and Passwords. If your usage of Zoom requires those details please let us know via email: info@urbanafineartscenter.com

We ask that all participants join our Zoom meetings at least 5 minutes prior to the class start time. We will also have a Virtual Lobby set up (accessible from the Online Class Access page) for answering questions about online class access or any other question that you might normally ask in person at the studio. Of course we will continue to be available via email as well: info@urbanafineartscenter.com

Please note that we have participants set to mute at the start of our classes for the teacher to be able to communicate clearly with all students. As teachers need responses, they will unmute participants.

We will be doing a lot of learning along with our students as we use this new platform to fulfill our mission. We appreciate your patience and feedback. Thank you for continuing to support our dancers' growth as well as the studio's as we adapt to this dynamic environment!
